

Dogskin Lake Lodge and Outposts

Manitoba, Canada

Spectacular Fishing

Fly-In American Plan Lodge

Modern Outposts on Exclusive Lakes

World-Class Fly-In Fishing

WELCOME TO DOGSKIN

At Dogskin Lake Lodge and Outposts, our family has created one of the premier Canadian fly-in fishing destinations. Our philosophy has always been to provide our guests with the highest levels of service, modern equipment, superior accommodations and to let the spectacular walleye and northern pike fishing speak for itself. As both the owners and operators of Dogskin, we work hard to ensure every guest has the trip of a lifetime.

Over the years we have built up the Lodge and Outposts to accommodate a wide variety of exciting trips. Whether you are interested in our American Plan Lodge on Dogskin Lake or a modern solar-powered camp at Noname, Mannifrank and Black, you can rest assured that your first trip to Dogskin will leave you wanting to come back year after year.

Regardless of your destination, you'll soon realize that at Dogskin we do things a little differently. Growing up fishing and hunting, taking yearly trips to Canada and spending many hours with other sportsmen have shaped our philosophy on what a quality outfitter should be like. As you look through our brochure and compare what we have to offer against other destinations, keep in mind what we think separates us from the rest:

🎣 Fishing

🎣 Accommodations

🎣 Equipment

🎣 Staff

🎣 Reputation

🎣 Value

Look through our brochure and visit our website - www.dogskin.com - to get an overview of what we have to offer. Then give us a call to discuss your next adventure - a trip to Dogskin Lake Lodge and Outposts!

See you at the dock!

The Torgerson Family

"Dogskin Lake Lodge - Where Guests Become Friends"

"Dogskin Lake Lodge is fantastic! You can catch walleyes and northerns all day long. But it is the hosts and staff at Dogskin that make me feel so welcome, like family, that keeps me coming back each year. It is a truly wonderful Canadian experience"

— W. Meyer, WI

OVERVIEW

Located 180 miles Northeast of Winnipeg, Manitoba and 78 miles Northwest of Red Lake, Ontario, Dogskin Lake Lodge and Outposts lies in the heart of the protected Atikaki Provincial Wilderness Park. Our remote location in the pristine Atikaki means that our Lodge and Outposts are only accessible by float planes. This is a fact that you'll appreciate as you fly over thousands of acres of untouched Canadian Shield lakes, rivers and forests.

Guests of our American Plan Lodge have access to numerous bodies of water for their fishing enjoyment. Not only can you fish Dogskin Lake and several connected lakes, you can also explore additional fisheries with short portages to the provided boats and motors. At Dogskin Lake, you'll admire the newly built private cabins, the spacious main Lodge and the high quality walk-through Lund boats with quiet and reliable Yamaha 4-stroke 25 Hp EFI motors.

Our Outposts also feature private lakes, modern amenities and high quality, reliable equipment. You'll enjoy a warm shower at the end of an exciting day of fishing at our solar powered camps, which

<i>City</i>	<i>Miles to Air Base</i>
-------------	--------------------------

<i>Chicago</i>	<i>880</i>
<i>Denver</i>	<i>1250</i>
<i>Des Moines</i>	<i>785</i>
<i>Detroit</i>	<i>1215</i>
<i>Fargo</i>	<i>300</i>
<i>Indianapolis</i>	<i>1060</i>

<i>Milwaukee</i>	<i>810</i>
<i>Minneapolis</i>	<i>545</i>
<i>St. Louis</i>	<i>975</i>

are complete with outlets to recharge those depthfinder and phone batteries.

At both the Lodge and Outposts, you'll enjoy the fast and furious fishing for walleye and northern that made this part of Canada world-famous. From the beginning, we instituted our own private High Quality Fish Management Program that has only served to increase the quality and quantity of fish in our lakes.

A DAY AT THE LODGE

Your day starts with a relaxing hot shower in your private cabin. The smell of fresh coffee guides your senses up the boardwalk to the beautiful Lodge dining room where our chef is preparing a hearty breakfast. Later, as you grab a cooler with some snacks and beverages from our store, you pick up some tips about the current hotspots from our friendly and knowledgeable staff. With your 16' Lund clean and full of gas, you head out for a great day of fishing.

Late in the morning a staff member pulls alongside your boat to pick up your fresh catch of walleye to be prepared at our daily shore lunch. Or, if you would rather, we can provide you with a kit, complete with everything needed for a great-tasting meal at one of our private areas. As you enjoy the unforgettable taste of fresh walleye you trade stories about the big one that got away and the ones that didn't.

After another full afternoon of fishing you come back to the Lodge and relax before your evening meal. But don't fill up on the homemade soup, salads and excellent main dish - save some room for a desert topped with our famous freshly made Hog 'n Dogskin ice cream!

With dinner a fond memory, you might head out on the lake for some evening fishing, relax on your private porch overlooking Dogskin Lake, or play a hand of cards by the magnificent stone fireplace. It's your choice. At Dogskin Lake Lodge we want our guests to feel at home and enjoy their trip the way they want to. We will do everything we can to make your stay as personalized and enjoyable as possible.

FYI: Dogskin Philosophy

One aspect that makes Dogskin Lake Lodge different than most other lodges is that our guests are free and encouraged to follow their own schedules. You may come and go as you please. Feel like sleeping in? Go ahead. How about going out after dinner to catch a few more 'eyes and the beautiful sunsets? No problem. The boats are always filled with gas and our staff is available to give answers to any questions that you may have.

Spectacular Location

At Dogskin Lake Lodge and Outposts, we've found one of the most spectacular geographic areas in this part of Canada. Long known for its fantastic fishing, Eastern Manitoba and Western Ontario have been destinations for fisherman for decades. What separates Dogskin's lakes is that we're located in Manitoba's oldest Wilderness Park. When combined with our remoteness, this has allowed the land around Dogskin to remain pristine, completely removed from any commercial fishing or logging operations, and will remain that way forever thanks to the strict protection of the park.

High Quality Fish Management

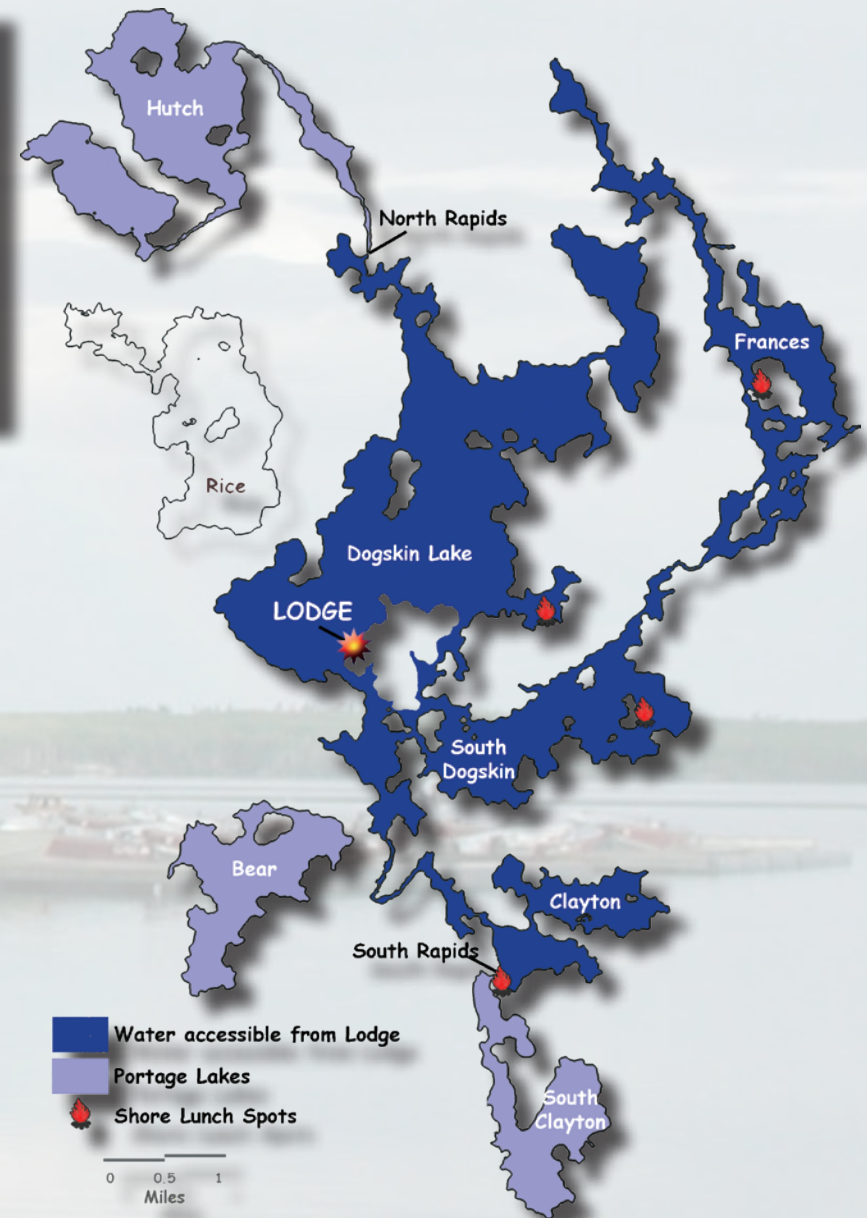

When we bought Dogskin Lake Lodge and our outposts years ago, we were on the leading edge of conservation when we instituted a voluntary High Quality Fish Management Program. With the success of this program, we have seen an increase in both the quality and quantity of fish on our lakes. In addition, each year we release many Manitoba Master Angler walleye (28" - 10 lb. class) and northern pike (41" - 20 lb. class). Our program has served to not only help preserve, but also improve upon one of Canada's top resources. It is part of the reason why over 90% of our guests come back to Dogskin for more fishing adventure!

FYI: Large and Corporate Groups

Dogskin Lake hosts many large private and corporate outings each year. Our facility is a great place to get away for some team-building time for a small group, to host continuing education in our spacious Lodge, or for just a fantastic family reunion. We have the capability to comfortably host groups over forty people. In addition, if you have a group of 24 or more, you can have the entire Lodge to yourself (if available). Whether guests are experienced fisherman or first-timers, you can be assured that everyone will have a great time. Give us a call if you would like to discuss your large group outing, or if you would like some references for people that have organized similar trips.

Over 10,000 acres to explore at the Lodge!

"Just a note to say, again, what a wonderful stay the 10 Morehead clan had at Dogskin Lake Lodge recently. Everything was first class - including your personal attention to our fishing and travel needs. Incidentally, we caught over 1,000 fish in 3 1/2 days."

— D. Morehead, NM

DOGSKIN OUTPOSTS

Dogskin offers exceptional outposts located on lakes where we have the only outfitting rights, deep in the Eastern Manitoba bush. Each lake has only one cabin and you can be assured that you are only one of a small number of people that fish the lake every year. Whether you are interested in bringing up longtime friends, are part of a corporate group, or a family taking an annual fishing vacation, we are certain that we will provide you with a high-quality, stress-free fishing trip.

Our modern camps feature solar power, hot/cold running water, showers, refrigerator/freezer, electric lights and three-season porches. Satellite communication is also available at the camps. The solar systems charge large battery banks, providing uninterrupted power for our guests. In addition, each camp has a separate building that has a place to clean your fish and store your gear.

Trips to our outposts are available in three-, four- and seven-night packages. They include all of the basics that your group needs for a successful fishing vacation, including your round trip floatplane transportation, boats, motors,

gas and propane. The cabins have either two or three bedrooms and beds with mattresses that sleep 8 comfortably. You only need to bring in your fishing gear, clothing, sleeping bag, food and any personal items. In addition, we can provide high quality, customizable food packages to make it even easier to plan and execute your trip. This option has become very popular in the last few years due to the large amount of space and time that it saves our guests.

All of our outposts have very good walleye and northern pike fisheries. The main difference between each of the lakes is how they are structured. Noname is on a river system with a nice set of rapids. Black is long and narrow, with lots of bays, points and great scenery. Mannifrank is more of an open body of water with great structure. Regardless of where you go, you'll experience the fast and furious fishing that this area of Manitoba is known for.

FYI: Catch and Consume

Dogskin Lake Lodge and Outposts works hard to maintain the quality of our fishery. One of the most important ways to achieve this is to maintain a strict catch and release policy. Other than the fish used for shore lunch, we require that all fish be released. We also try to teach the proper way to land, photograph and release fish so that they live to fight another day.

"I have purposely waited several days to write this note to see if my enthusiasm for my recent trip to Dogskin Lodge would wane, it has not. The trip to Dogskin was my sixth trip to Canada in the last twenty-five years. I can state, with out question, the visit to your camp was the best by far. The accommodations, helpfulness and friendliness of staff, food, boats and motors, and fishing are superb. If you are planning to attend any outdoor shows this winter in the Midwest, I would be interested in knowing the schedule. I would love to sit in and tell the prospective guests what a great place you have."

— C. Stoner, NE

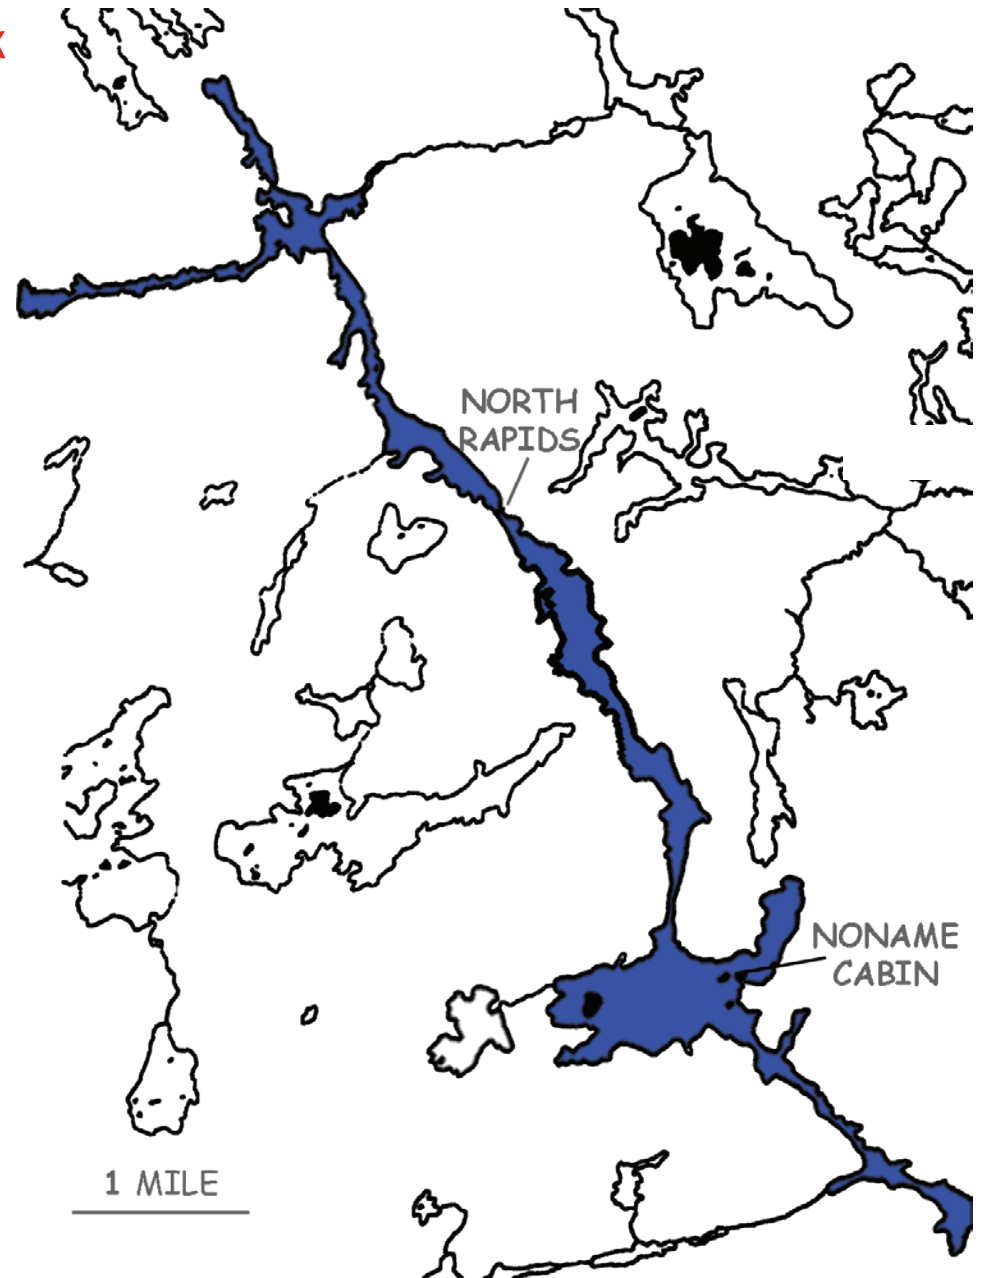

NONAME OUTPOST

Noname lake has a spectacular fishery and is located on a major river system. In addition, the cabin has been completely rebuilt and modernized, making this one of the most comfortable cabins that you'll experience in the wild of Canada. Water flows throughout the summer are consistent, and this fishery continues to produce some of the best fishing in Manitoba. Trophy walleyes and northern pike are caught from May until mid-September.

This cabin features solar power, hot and cold running water, a shower, indoor flush toilet, a three season porch, two separate bedrooms and a beautiful deck overlooking the lake. The kitchen is equipped with all necessary utensils, and a barbeque and fish cooker are provided. The 14' and 16' boats are furnished with Yamaha 15 Hp 4-stroke motors.

FYI: Midweek Camp Check

For trips over 3 days, we always try to stop in and see our outpost guests. Even though there is a satellite phone that our guests can call us on, we like to sit down and make sure things are going great. If a group is in need of additional items, they can give us a call and we'll try to bring it over with us.

BLACK OUTPOST

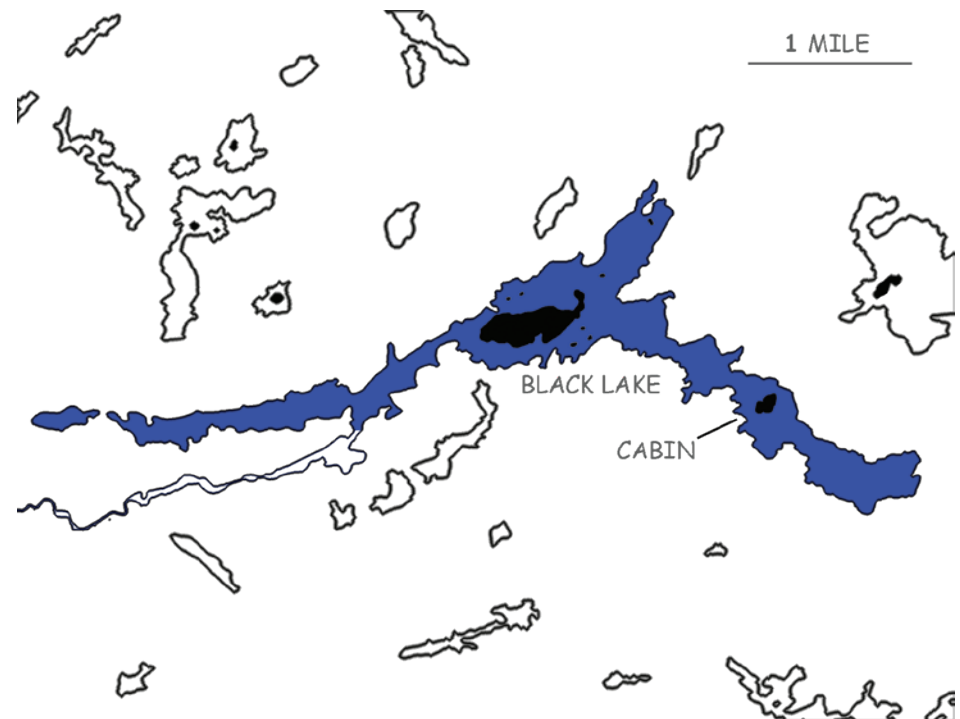

Black Lake is quite unique, being a long narrow body of water with numerous islands to fish. With eight miles of waterways, Black Lake has an abundance of trophy walleyes and northern pike. At Black, you will never lose a day of fishing due to high winds. Water temperatures remain cool for a longer period of time in the spring so fishing through June is in shallow bays. As the water temperature rises, the island and reef fishing begins.

This outpost is a modern camp with solar power providing hot and cold running water, shower and has three bedrooms. The kitchen is well equipped with all utensils required, including a gas barbeque and an outdoor fish cooker.

The four 14' boats are equipped with Yamaha 15 Hp 4-stroke motors.

FYI: Atikaki Wilderness

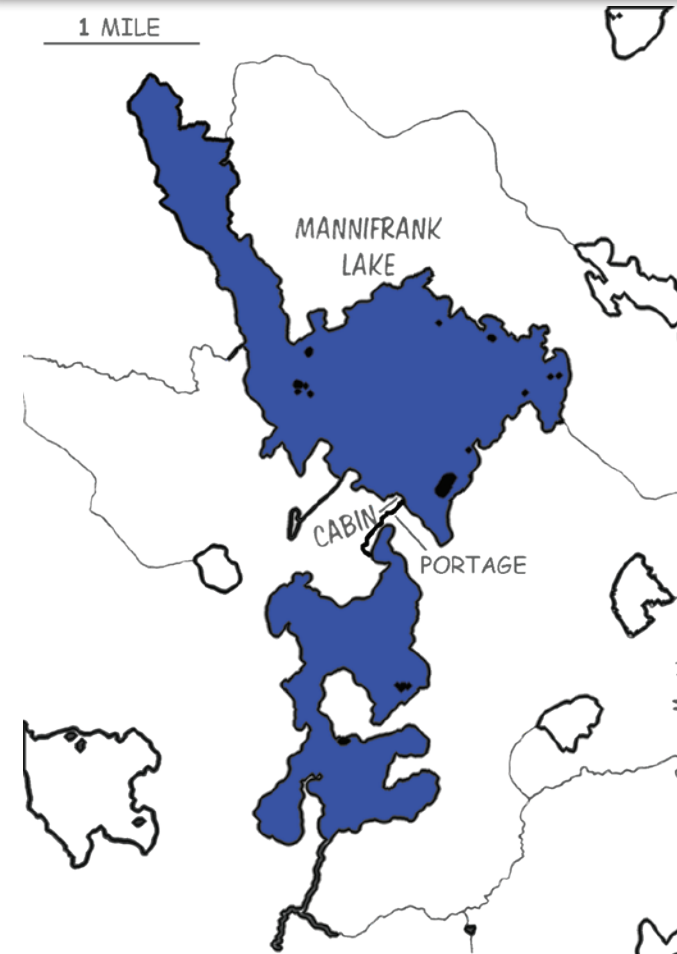

Dogskin Lake Lodge and Outposts are located in the Atikaki Provincial Wilderness. This protected park places significant restrictions on us, but has resulted in the complete absence of commercial fishing and logging in the area. Rest assured, Dogskin is as pristine as it ever has been!

MANNIFRANK OUTPOST

Mannifrank Lake is an outpost that was established in 1996 and first used in 1997. This lake has outstanding fishing throughout the season, starting with the trophy northern pike in late May through early July. The walleye fishing turns on after the spawn - usually by the middle of May - and stays hot for the rest of the year. Trophy walleyes are most often found on the reefs starting in early July and will continue until the water starts cooling down in late August. September has a return of some great northern pike fishing combined with walleyes as well. For something different, you can take a short walk to Withers lake and go out on this smaller body of water with the boats and motors provided.

This is a spectacular new outpost cabin built in 2024 with solar power providing hot and cold running water, a shower and three bedrooms. The camp is complete with all utensils required and has a gas barbeque and an outdoor fish cooker. The 16' Lund boats are equipped with Yamaha 15 Hp 4-stroke motors.

TROPHY MOOSE HUNTING AT DOGSKIN

Talk to anyone who has gone after a Manitoba Monster moose and you soon learn that there is nothing more exciting than calling in an animal from a mile away, with your heart rate and blood pressure building second by second. The cracking of trees, raking of brush and the interactive calling between your guide and a trophy moose are almost beyond description.

Dogskin Lake Lodge is ideally situated deep in the one million acre Atikaki Provincial Park and is the only outfitter in the park with non-resident moose tags. Our exclusive 7000 acres of water at the lodge not only provide spectacular fishing, but the 85 miles of shoreline and pristine wilderness are prime habitat for moose. Combine the excellent animal populations with our experienced guides, full American Plan lodge, private cabins and excellent chef-prepared meals, we have no doubt that you'll enjoy the trip of lifetime.

For all of our moose hunts, we provide one experienced guide per hunter to ensure the best chance at success. Manitoba's moose hunting opens the 3rd Monday in September, but we run our hunts during the 2nd and 3rd weeks of the season to better align with the rut. Our packages include the round-trip floatplane flight to our lodge, bull moose tag and allocation fee, fishing license, one guide per hunter, private cabin, chef-prepared meals with daily shore lunch, basic processing and transportation of your animal back to our floatplane base. You have the option to add on a black bear hunt as well for even more adventure!

What We Provide

For both Lodge and Outpost trips, we provide round trip float plane transportation from our base in Silver Falls, Manitoba to your destination camp. Our equipment includes high quality boats and motors with swivel seats, cushions, nets and your fuel. There is internet service available for your comfort and safety at the Lodge. Airport shuttle service for large and small groups is available for an additional fee. For a complete guide, visit our website or request our detailed information packet. If you have any special needs or requests, just ask and we'll do our best to accommodate you! Flights for all destinations depart and return in the mornings.

LODGE

Our all-inclusive American Plan Package has been designed to make your stay as stress-free and relaxing as possible. Included are all of your chef-prepared meals, lodging in your private cabin equipped with hot and cold running water, showers, toilets, beds, pillows and all linen, maid service and daily mouth-watering shore lunches. You will be outfitted with 16' Lund boats equipped with 25 Hp 4-stroke motors. There is 24 hour-a-day electrical service. Fishing guides are available at an additional cost. You just bring your fishing gear, clothing and any personal items. Our Lodge store stocks a variety of bait, tackle, snacks and beverages.

OUTPOSTS

Your cabin is set up for light housekeeping and is furnished with a fridge/freezer, stove, fish cooker, BBQ, an assortment of pots, pans, utensils and mattresses. A two-way satellite messenger is used for communications.

You are outfitted with 14 ft. or 16 ft. boats with 15 Hp 4-stroke motors. If able, a midweek camp check is included. Fully customized, high quality food packages are also available.

"I want to thank you for another great trip to Dogskin. We had an absolutely great time! Your staff could not have been better. Most of our group had never experienced a fly-in trip before and you really made believers out of them. The service, the food, the fishing, the food, the weather, and did I mention the food were all spectacular. Please thank the entire staff for us. They have made our trip very memorable."

World-Class Fly-In Fishing - Manitoba, Canada

Toll Free 1-888-DOGSKIN

web: www.dogskin.com

email: fishing@dogskin.com

Dogskin Lake Lodge and Outposts is located in Eastern Manitoba, tucked away within the protected Atikaki Wilderness Park. Dogskin is a fly-in fishing destination with an abundant supply of trophy Walleye and Northern Pike. We have an American Plan Lodge with fine accommodations, excellent meals and daily maid service. Dogskin also has modern Outposts for the group who likes to get away and have the lake to themselves.

Dogskin Lake Lodge began as a small outcamp during the 1950's. Because of its exceptional fishing, the demand for the lake soared and the original lodge was constructed soon thereafter.

Over 50 years later, Dogskin Lake Lodge and Outposts still produce the fast and furious fishing that attracted those early fisherman to this region of Canada. However, within the past few years, Dogskin has taken on a whole new look as every cabin has been rebuilt to satisfy the needs of both serious fisherman and the recreational angler alike. Those who have seen our transformation are most impressed, to say the least.

Getting to Dogskin Lake Lodge and Outposts is easier than most people realize. You can reach our float plane base within a day's drive from almost anywhere in the Midwest. In addition, there are many commercial flight options into Winnipeg, with convenient transportation options from there to our base.

We look forward to seeing you on the dock this year.

"Dogskin Lake Lodge - Where Guests Become Friends"

FYI: **WWW.DOGSKIN.COM**

We have developed an extensive website devoted to providing additional information regarding your trip. On the site you'll find answers to many common questions, pictures of our camps, what to bring on your trip, and frequently asked questions. In addition, you'll find a message board where you can see periodic updates of what's going on at Dogskin as well as pictures and posts from our guests and staff.

"Who would have thought that a New York City girl would have given the Dogskin Lake Lodge & Outposts the title of one of the best vacations...ever! This was the ideal getaway for our family. No phones, no televisions, just a great time. One of the purest enjoyments in life. This is the type of family vacation we had always wanted, with memories that will last a lifetime. Thank you...we cannot wait to return!"
